

Impact Mentors

About Us

Impact Mentors works in conjunction with Birth Choice of Temecula, a 501(c)3 non-profit organization to assist all schools, parents and other organizations in finding, training, facilitating successful mentoring matches for children desiring or in need of a mentor.

What is a Mentor?

A mentor is someone who, along with parents, provides young people with support, counsel, friendship, reinforcement and constructive example. Mentors are good listeners, people who care and people who want to help young people bring out their strengths.

What does a Mentor Do?

A mentor helps connect children and youth with resources, safe places and structured activities. Mentors provide a positive role model.

Who needs a Mentor?

All children can benefit from positive role models, however many children do not have any positive role models in their lives and need someone like you.

How much time is required?

Mentors and mentees meet one hour a week for one year. This provides time to develop a consistent, positive, healthy relationship.

Research Shows Mentoring Successfully:

- Increases the self-esteem of young people;
- Increases student academic success;
- Increases positive social interaction by youth;
- Reduces the risk that youth people will use illegal drugs;
- Reduces the risk that youth will begin using alcohol;
- Reduces the risk that students will skip school; and
- Reduces many high risk behaviors.

Mission:

To be an advocate of and a resource for mentoring.

Vision:

Impact mentors recruit mentors, train, and monitor mentors and successfully match them with children in their communities in need of mentoring.
